

Restricting Access after the end of Campaign

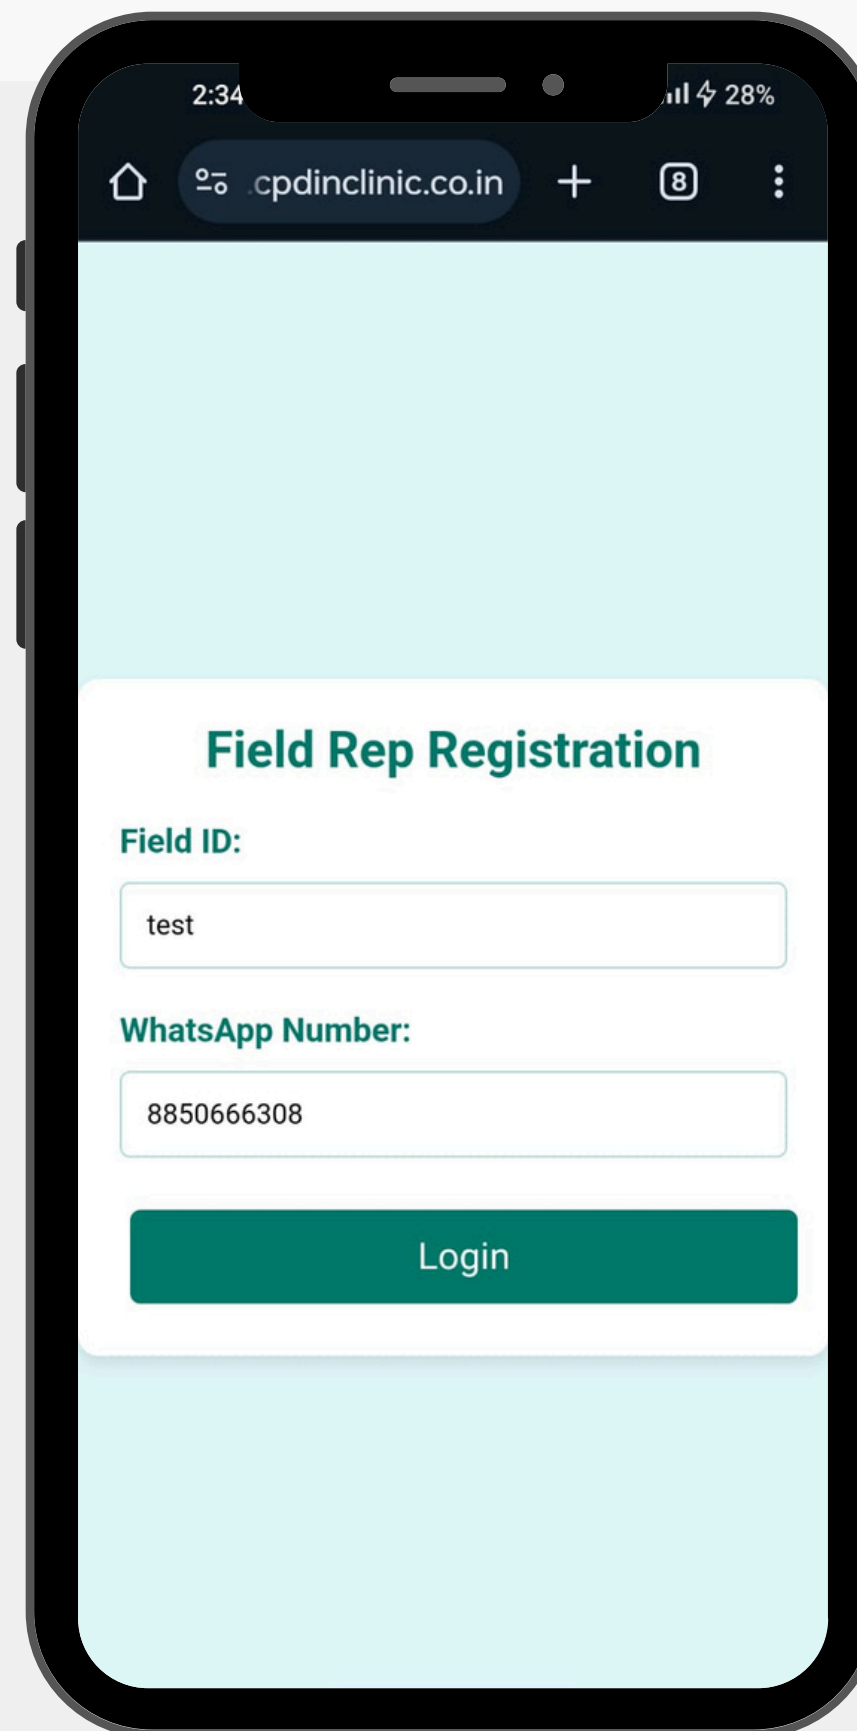

Collateral Sharing System

11/12/2024

User Journey (Field Representative)- Collateral Sharing Using using email id and whatsapp number (Pre-filled and Manual doctors)

When a field representative attempts to login they will be redirected to a screen displaying an error message. This error message will say that “This link is no longer accessible because the campaign has ended. For further information, please contact your Brand Manager.”

»

A screenshot of a mobile browser displaying the 'Field Rep Registration' form on the website cpdinclinic.co.in. The form has a light blue header and footer. The registration fields are: 'Field ID:' with the value 'test' and 'WhatsApp Number:' with the value '8850666308'. Below these fields is a green 'Login' button. The status bar at the top shows the time as 2:34 and battery at 28%.

User Journey (Field Representative)- Collateral Sharing Using using email id and whatsapp number (Pre-filled and Manual doctors)

Campaign collaterals, like PDFs or videos, currently show the brand banner at the top when accessed through shared links. During an active campaign, the logo will remain visible.

However, after the campaign ends, the link of the collateral will still be accessible, but the brand banner will no longer be displayed.

Thank You
